

Wanted: superhero!

Put on the cape!

Ah ha, we knew a superhero was near!
Your classmates need your help, ya hear?
We'll give you hints along the way.
Will you accept this mission today?

Touch your cape on each side,
Your cape, mask, and gloves will help to guide.

CLANK

BOOM!

CRASH

Oh no! All the lights just went out!
Everyone is scared and flailing about!

We need your help, we're all in fright!
To save the school and bring us light.

Your super powers are within,
Repeat the traits below to begin!

To see the words touch your mask,
when you're done, you're onto the next task

WISDOM

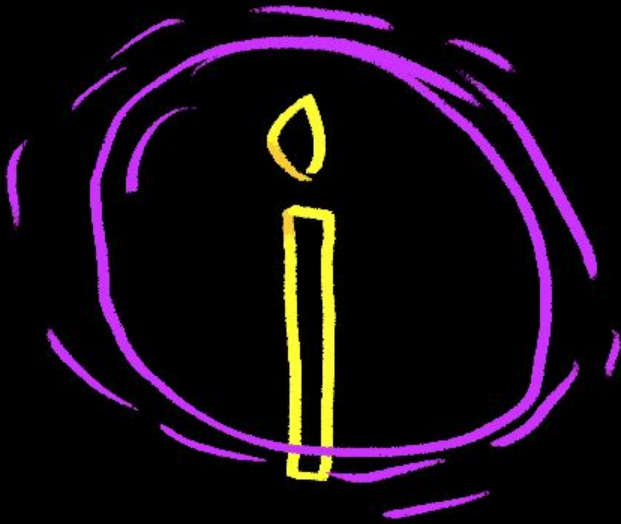

COMPASSION

FOCUS

BRAVERY

CONFIDENCE

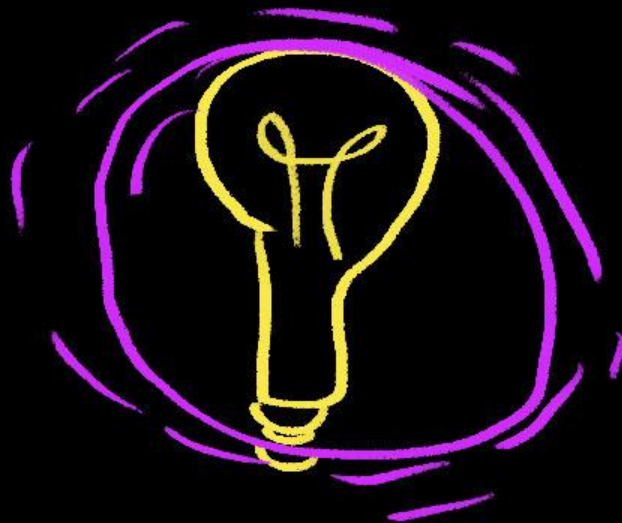

A superhero is wise,
He or she uses their brain, not their size.
Choose the best light for the dark,
We don't need power to make a spark.

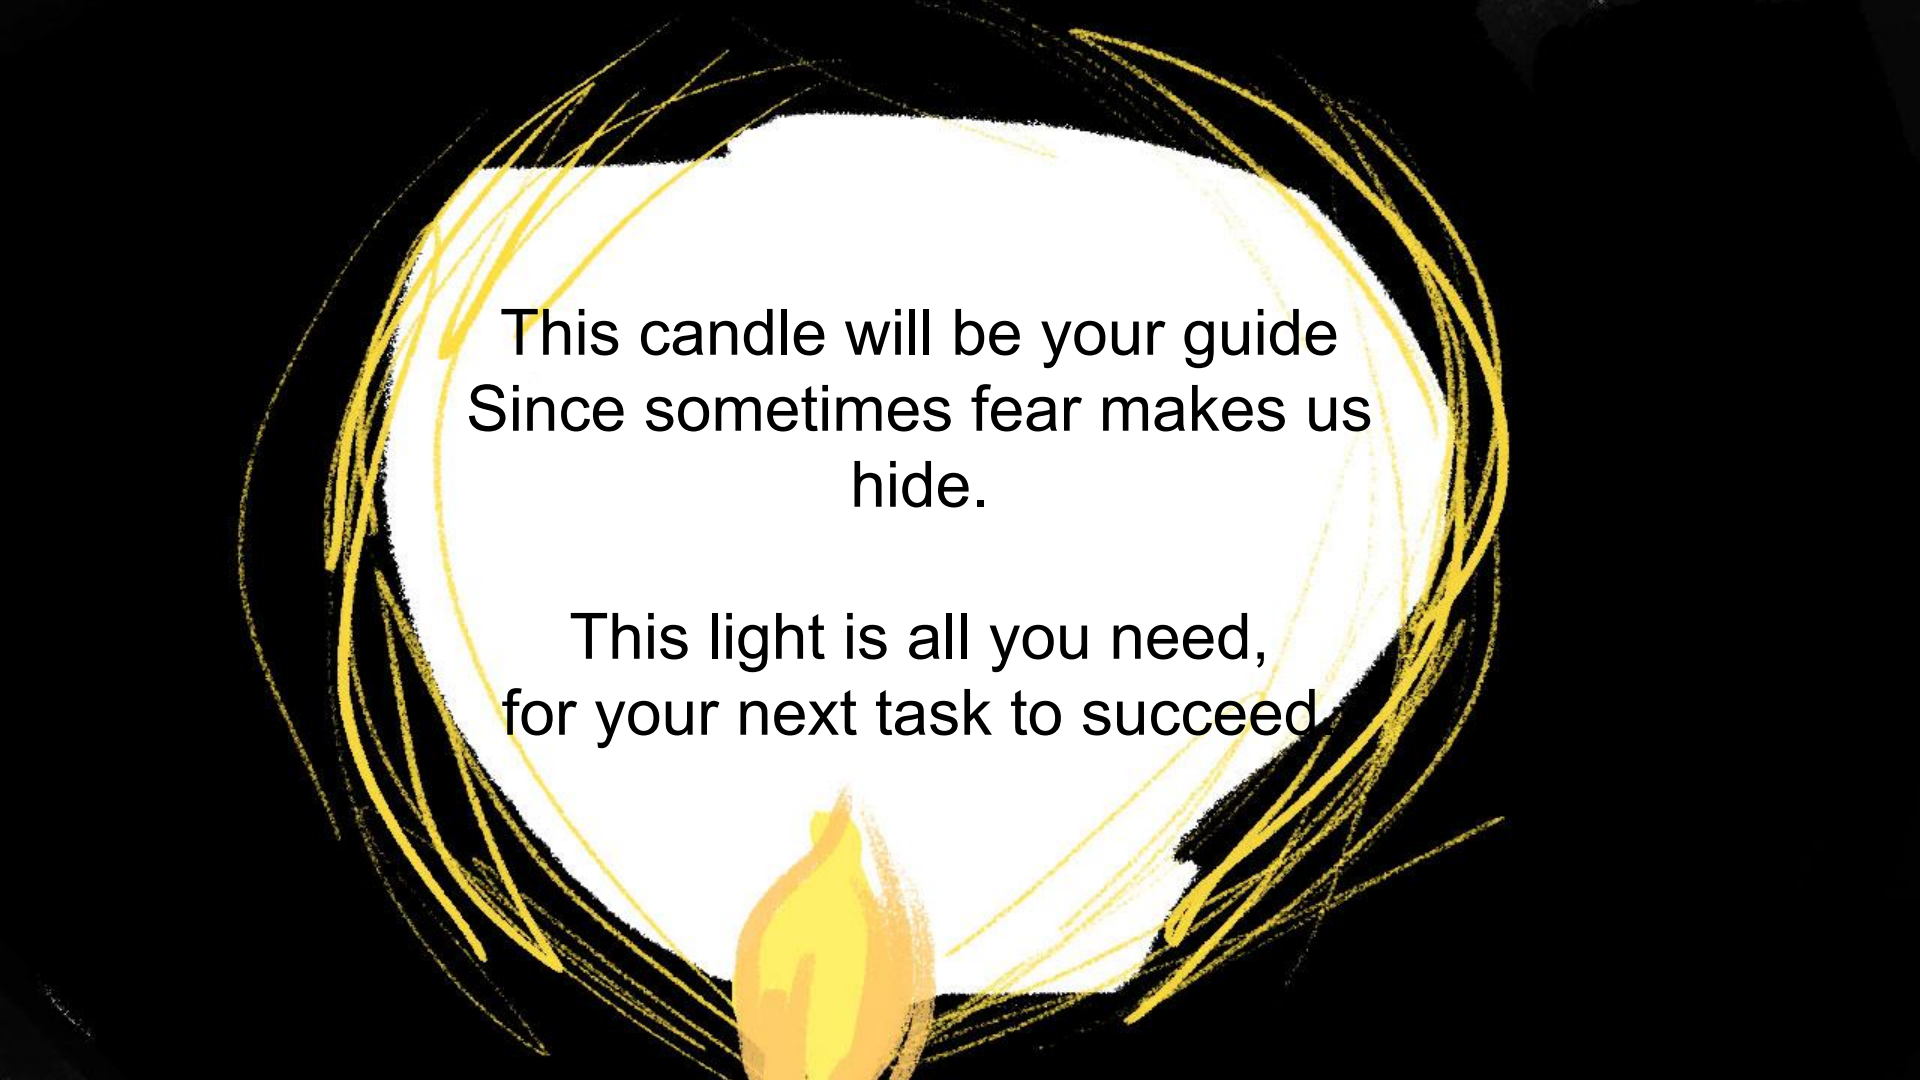

Touch your cape to choose,
Don't worry superheroes never lose.

If correct

CORRECT!

This candle will be your guide
Since sometimes fear makes us
hide.

This light is all you need,
for your next task to succeed.

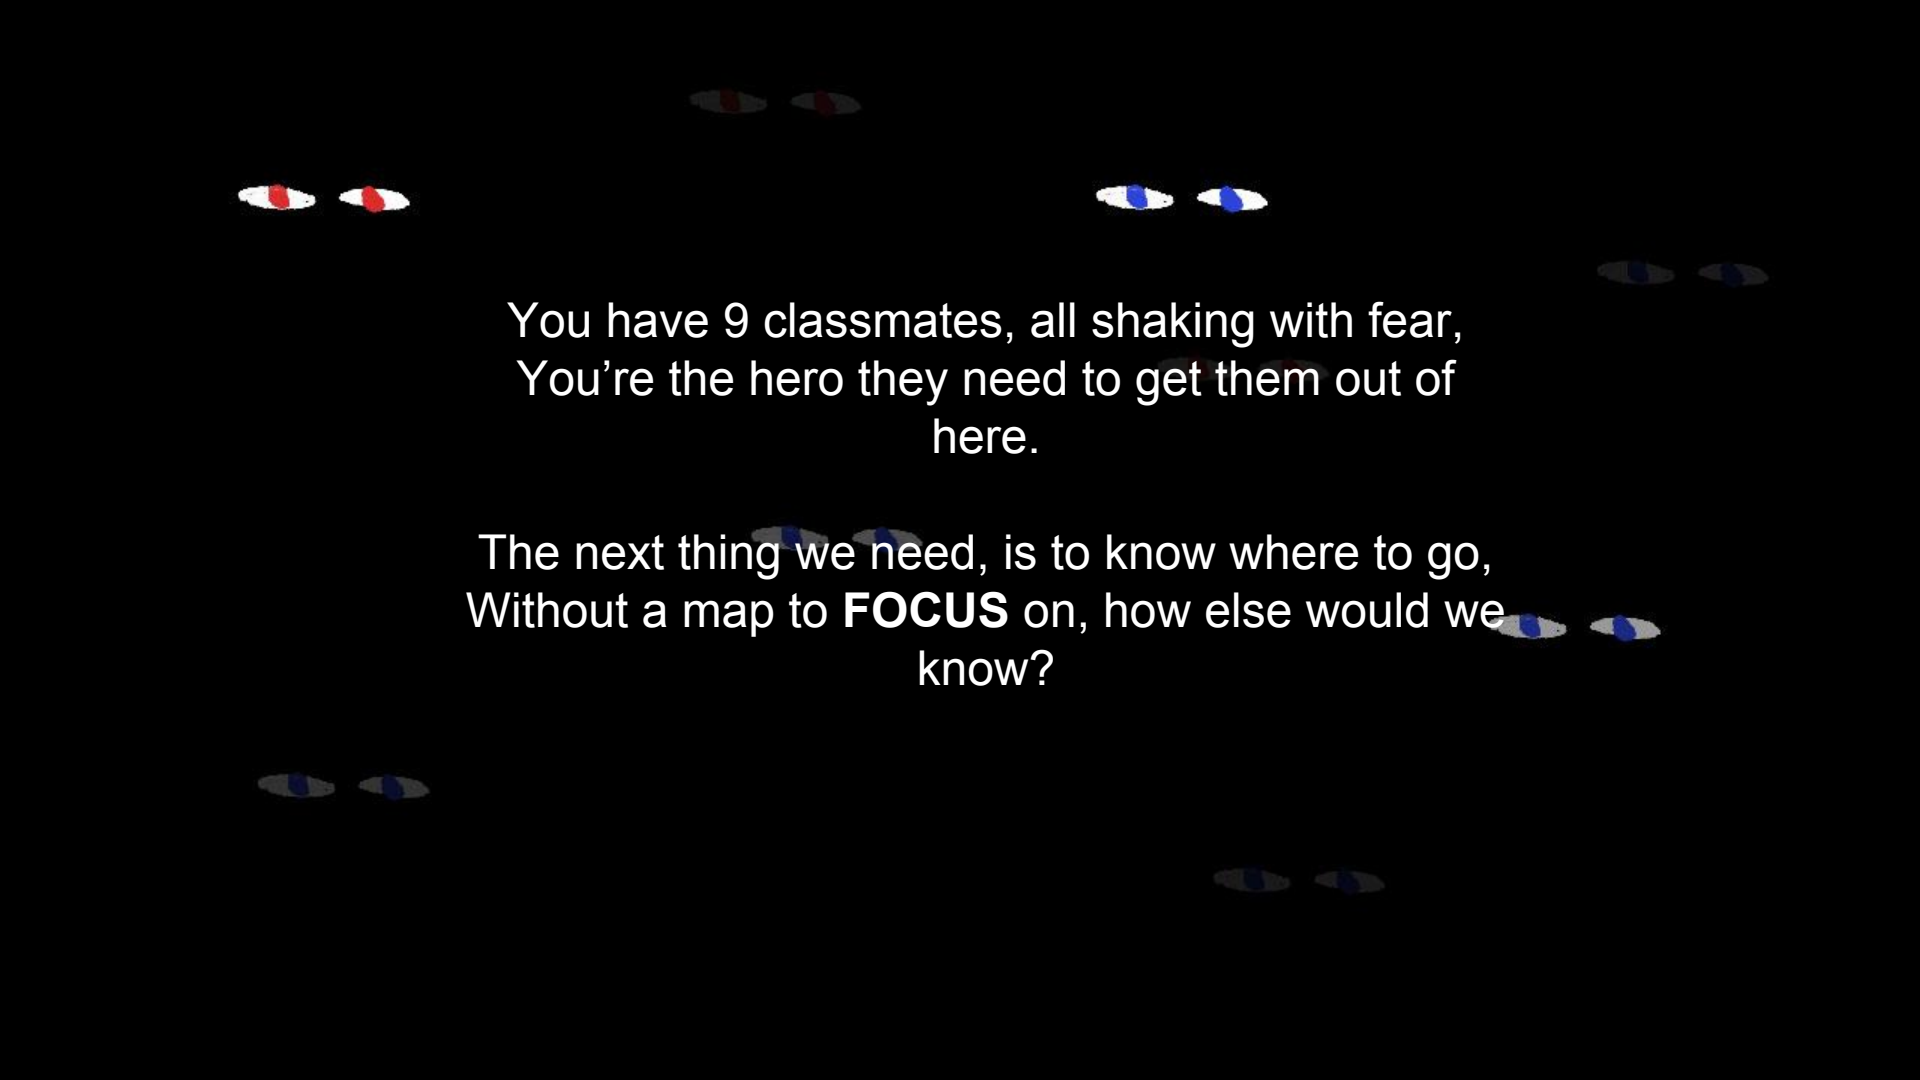

A part of being a superhero is compassion,
you're not wearing that cape just for fashion.

You must find your classmates in this task.
This is done by touching your mask.

Touch it once, then times by nine,
once you're done, you'll get a sign.

You have 9 classmates, all shaking with fear,
You're the hero they need to get them out of
here.

The next thing we need, is to know where to go,
Without a map to **FOCUS** on, how else would we
know?
